HEADTEACHER: Mr M Conlin

14th September 2026

Dear Parent

Year 11 is a crucial period in the educational lives of our students. As a school, we are fully committed to supporting your child in achieving their full potential. We want all of our students to start their lives equipped not only with excellent GCSE grades but also with the resilience, skills, and attributes they will need to confidently navigate life beyond school.

To ensure every student has the best possible chance of success in their GCSE examinations, we provide a vast range of support, guidance, and resources throughout the academic year. A cornerstone of this support is our comprehensive programme of after-school revision classes.

This year, sessions will run weekly, for approximately 30 minutes in option-based subjects. Core intervention will be delivered through targeted form period intervention.

The Impact of Attendance

Consistent attendance at these revision sessions is one of the most decisive factors in final exam performance. These intensive, focused sessions allow teachers to address individual knowledge gaps, refine vital exam techniques, complete important coursework tasks and build student confidence. Missing these opportunities can heavily impact a student's final outcomes, whereas full attendance frequently provides the crucial extra marks needed to cross higher grade boundaries.

With this in mind, please find enclosed a revision timetable, which details the specific options they should attend on each given day. Please note that your child will need to proactively check with their teachers to confirm that an after-school session is running on that specific day. There may be occasions where staff are unable to host a session due to conflicting commitments, such as teaching multiple classes or supervising sports fixtures. In these instances, your child's teacher will inform them directly of an alternative date. As a school though, we hope these are kept to a minimum

In addition to this weekly timetable, we will actively utilise other opportunities throughout the year to intervene further with Year 11. This will include targeted form interventions, intensive revision classes, subject to staff availability, and booster sessions immediately prior to each exam. Tutor time will be focussed on either Maths, English or Science subjects 3 days out of the 5 each week. Your child will potentially change form intervention subjects throughout the course of the year. We will review this after mock exams and data collections.

The coming weeks and months are critical in ensuring that your child leaves with the best possible set of qualifications. I have absolutely no doubt that your child will achieve excellent outcomes if they work hard, attends these sessions consistently, and never gives less than their best over the next eight months.

I wish every single one of our excellent Year 11 students the very best in their endeavours. If you have any questions or concerns, please do not hesitate to contact me

Yours sincerely

Mark Newsome
Assistant Headteacher

Y11 REVISION TIMETABLE

Week Commencing	Tuesday	Wednesday	Thursday
22/09/26	Option 1	Option 2	Option 3
29/09/26	Option 1	Option 2	Option 3
